SEBINO SpA: NET FINANCIAL POSITION AND ORDER PORTFOLIO GROWING AS AT DECEMBER 31, 2021 ON THE PREVIOUS YEAR.

COMMITTED MARGINS OF THE ORDER PORTFOLIO IMPROVING

Madone (BG), January 26, 2022 - Sebino S.p.A. ("Sebino" or "Company"), a leading system integrator in fire prevention and security systems, reports on some preliminary data for the year 2021.

The Consolidated Net Financial Position at 31 December 2021 is positive and equal to approximately € 4.7 million, a strong increase on the same figure recorded at 31 December 2020 when, again positive, it was equal to approximately € 1.6 million.

The final Group Order Backlog at 31 December 2021 was approximately € 31.8 million, up by 59% on the same figure as at 31 December 2020, when it was approximately € 20 million.

Gianluigi Mussinelli, Chief Executive Officer: *"In terms of the Order Portfolio, I refer to what was communicated to the market in November 2021, in relation to the generalized increase in the prices of raw materials, energy and transport. We have worked to mitigate this negative hysteresis phenomenon in order to keep our marginality unchanged as much as possible. This is most evident in our order book as at 31 December 2021, from the analysis of which the historical marginality of our main business, namely that of fire-fighting systems, is substantially restored. We reaffirm the continuing solidity of the fundamentals of both the logistics and industrial sectors, which are destined to last over time"*
